21<sup>st</sup> May 2011 - NEW STUD MALES

Yaringa Alpacas is proud to announce the certification of two young males who will be available for outside service in 2012.

Yaringa Czar - by Ambersun King's Ransom out of Alplacaspecialist Dynasty. This light fawn male has been doing very well in the show ring. Czar is co-owned by Classic Alpacas.

Yaringa Prophecy - by Wytterica Propaganda out of Grand Flowerdale Morning Mist ET. We are very excited by this silver grey male who we believe will mix very well with the genetics we currently have to offer.
